RE: CWA District 3 – Wire Technician Bargaining Survey

The CWA District 3 Office is conducting a survey for Wire Technicians about their job satisfaction and important issues that affect their work lives. The survey includes questions about job satisfaction, staffing levels, training, and scheduling practices.

The results of this survey will inform the Union's leadership and your bargaining team in our fight to make real improvements in pay and working conditions for Wire Technicians.

This survey is takes about 5-10 minutes to complete. Individual responses will be kept confidential and will not be shared. Aggregate survey results will be used in CWA's bargaining and advocacy, including in public reports, press releases and other communications. Please share this survey link with Wire Technicians in your Local:
